Background

- The challenge is now to ensure ensure **ICD-11** successful **policy roll-out** across WHA member states
- SIP plans to support inclusion of the ICD-11 **in combination** with the **ICF** on pain policy level through concrete **policy recommendations** to be presented at the upcoming **German Presidency** of the Council of the European Union
- Experts have contributed and led the development of:
 1. The draft policy recommendations
 2. The development of an ICD-11 and ICF infographic for educational purposes

Objective of the meeting

- Validate the content of the draft policy recommendations

What's next?

- The outcomes of the workshop will be presented during the Symposium
- The final recommendations will be officially handed over to the Presidency
